3: “Exploding Comet 17P/Holmes”, by Zdenek Sekanina
29: Photometry of Deep-Sky Objects
30: Tabulation of Comet Observations
The International Comet Quarterly (ICQ) is a journal devoted to news and observation of comets, published by the Smithsonian Astrophysical Observatory in Cambridge, Massachusetts. Regular issues are published 4 times per year (January, April, July, and October), with an annual Comet Handbook of ephemerides published normally in the first half of the year as a special fifth issue. An index to each volume normally is published in every other October issue (now in odd-numbered years); the ICQ is also indexed in Astronomy and Astrophysics Abstracts and in Science Abstracts Section A.

The regular (invoiced) subscription rate is US$60.00 per year for North American and for overseas surface-mail delivery (price includes the annual Comet Handbook; the price without the Handbook is US$45.00 per year). Subscribers who do not wish to be billed may subscribe at the special rate of US$45.00 per year for surface-mail delivery (rate is US$30.00 without Handbook). Add $30.00/year to each of these rates for overseas airmail delivery. These rates became valid as of Nov. 2007. [The last set of digits (after the hyphen) on the top line of the mailing address label gives the Whole Number that signifies the last ICQ issue which will be sent under the current subscription status. An asterisk after these numbers indicates credit for the next annual Comet Handbook. The first five digits represent the subscriber's account number.] Make checks or money orders payable in U.S. funds (and drawn on a U.S. bank) to International Comet Quarterly and send to Mail Stop 18; Smithsonian Astrophysical Observatory; 60 Garden St.; Cambridge, MA 02138, U.S.A.

Credit cards may be used for payment of subscriptions, though a minimum of US$20.00 can be accepted for each charge. Credit-card orders should be placed by e-mail (to icq@sca.harvard.edu), by fax (617-495-7251), or by telephone (to USA 617-495-7280, generally between 14:00 and 21:00 UT, Monday to Friday). When sending orders by fax or e-mail, please include the following information: (1) your name (as given on the credit card); (2) card type (MasterCard, Visa, or Discover); (3) credit-card number and expiration date; (4) address at which the card is registered; (5) any services you wish to subscribe to; (6) if the payment is for the renewal of a current or expired account, please include your account number.

Group subscription rates available upon request. Back issues are $15.00 each — except for "current" Comet Handbooks, which are available for $20.00 ($15.00 to subscribers if ordered with their ICQ subscription; see above). Up-to-date information concerning comet discoveries, orbital elements, and ephemerides can be obtained by subscribing to the IAUS Circulaires and/or the Minor Planet Circulars (via postal mail and also available via computer access); for further information, contact the above e-mail address (or the ICQ at the above postal address).

Manuscripts will be reviewed/ refereed for possible publication; authors should first obtain a copy of “Information and Guidelines for Authors” from the ICQ website or from the Editor. Cometary observations should be sent to the Editor in Cambridge; again, see the ICQ website or contact the Editor for the proper format. Those who can send observational data (or manuscripts) in machine-readable form are encouraged to do so (especially through e-mail via the Internet [ICQ@Sca.Harvard.edu]). The ICQ has extensive information for comet observers on the Web, and in Science Abstracts Section A. Abbreviations used in data tabulation (see URL http://www.sca.harvard.edu/icq/icq.html). The ICQ published a 225-page Guide to Observing Comets in early 1997 that is now out of print; a revised edition is in preparation. Most of the Observation Coordinators (OCs) listed below have e-mail contacts with the ICQ Editor; observers in the general area of such OCs who lack access to e-mail networks may send data to the OC for relay to the ICQ in electronic form.

**ICQ EDITORIAL STAFF:**
Daniel W. E. Green ...............Editor
Syuichi Nakano ..........Comet Handbook Editor
Maik Meyer ...............Assistant Editor

**OBSERVATION COORDINATORS:**

**AUSTRALIA** ...............Andrew Pearce (35 Viewway; Nedlands, W.A. 6009); David A. J. Sargent

**BELARUS** ...............Sergey E. Shupakov (Flat 22; 1 Korban Street; 211011 Baran)

**BRAZIL** ...............José Guilherme de S. Aguilar (R. Candido Portinari, 241; 13089-070 - Campinas - S.P.)

**CHINA** ...............Chen Dong Hua (101 Quan Zhou Road; Guelangyu, Xiamen 361002)

**CZECH REPUBLIC** ........Vladimir Znojil (Elplova 22; CZ-628 00 Brno); Kamil Hrnoch

**GERMANY** ...............Maik Meyer (Westerwaldstr. 91; D-63549 Limburg); Andreas Kammerer

**HUNGARY** ...............Kristóf Sáréczy (Vécsey u. 10; H-1183 Budapest)

**ITALY** ...............A. Antonio Milanì (Dip. Scienze Biomediche; via Trieste 75; 35121 Padova)

**JAPAN** ...............Akina Nakamura (2-1342-309 Sugo; Kuma Kogen, Eihime 79-1205)

**THE NETHERLANDS** ........Alex Scholten (Kraaicheide 48; NL-6961 PD Eerbeek)

**NOHWAY** ...............Bjorn H. Granslo (Postboks 1029; Blindern; N-0315 Oslo 3)

**POLAND** ...............Jaroslaw Pleszak and Tomasz Skorzy (Faculty of Physics and Nuclear Technique; University of Mining and Metallurgy; Al. Mickiewicza 30; 30-059 Cracow)

**SOUTHERN AFRICA** ........Tim Cooper (P.O. Box 14740; Bredell 1623; Kempton Park; South Africa)

**SPAIN** ...............Jose Carvajal Martinez (Monte Redondo 17; 28430 Alpedrete/Madrid)

**SWEDEN** ...............Timo Karhu

**UKRAINE** ...............Alexandr R. Baransky (Komarova 12; Vladimir — Volynsky; Volynska 264940)

**UNITED KINGDOM** ........Jonathan Shanklin (11 City Road; Cambridge CB1 1DP; England)

former U.S.S.R. ...............Klim I. Churyumov (Astronomical Observatory; Kiev University; Observatorna 3; Kiev 254053; Ukraine)

**EDITORIAL ADVISORY BOARD:**
Michael F. A'Hearn, University of Maryland
Brian G. Marsden, Harvard-Smithsonian Center for Astrophysics
David D. Meisel, State University College of New York, Geneseo

Nicolas Biver, Observatoire de Paris, Meudon
Zdenek Sekanina, Jet Propulsion Laboratory
Thomas L. Housos, Appalachian State University

+++

This issue is No. 145 of the publication originally called The Comet (founded March 1973) and is Vol. 36, No. 1, of the ICQ. [ISSN 0736-6922]

© 2008, Smithsonian Astrophysical Observatory.

**CORRIGENDA:**
- In the 2007 Comet Handbook, p. H118, for P/2006 U6 (Tichý) read P/2000 U6 (Tichý) [which is now 196P/Tichý, via its recovery as P/2008 C2]
- In the Oct. 2007 issue, page 144, “Tabulated CCD-Data Summary”, lines 5 and 8, for 80- read 129-
- In the Oct. 2007 issue, page 150, there were two mistakes in the first sentence: for last 20 comets read last 82 comets; and for short-period comet read short-period asteroidal object (designated as a comet due to its orbit)
